SALE INFORMATION

WARWICK SALEYARDS: Ph: 07 4661 2587 (AH)
Mob: 0407 584 491

AGENT CONTACT : Elders Warwick Ph: 07 4661 2733
Fax: 07 4661 5851 Manager (AH) Mob: 0438 405 522

CATERING: A canteen is situated at the saleyards with full catering facilities.

VETERINARY CERTIFICATES: Bulls - structural and breeding soundness, including semen test. Females - structural soundness, fertility and pregnancy status.

AUCTIONS PLUS: Sale is interfaced with AuctionsPlus. Log on to the AuctionPlus website - www.auctionsplus.com.au and get a free download of the software. Register prior to the Sale. See page 3.

UPSTART PRICES: \$2000 for stud cows with calves at foot. \$1500 for PTIC stud females 20 months and over. \$1000 for stud females under 20 months. \$2500 for stud bulls.

INSPECTION: Prospective purchasers may inspect the cattle at the Warwick Saleyards on Wed. 23 and Thurs. 24 Sept. 2009.

SALE REGISTRATION: Buyers are asked to register for a numbered Bid Card at the Agents Office at the Saleyards.

OUTSIDE AGENTS: A 3% rebate will be given to non-participating agents who introduce buyers, in writing, to participating agents by 1.00 pm. Wed. 23 Sept. 2009. Without this introduction outside agents may not deduct 3% when settling for clients.

BUYERS INSTRUCTIONS: Please complete the duplicate, pressure sensitive, buyer instruction form at the rear of this catalogue. No verbal instructions will be accepted.

INSURANCE: This is available to purchasers at the drop of the hammer.

TRANSPORT: Carriers will be arranged by the selling agents on request.

The Sale is interfaced with *AuctionsPlus*

Auction prices at this sale are live online and will be interfaced with a physical auction. A computer is used to bring the real time Sale prices to your internet screen for those who have registered as AuctionPlus bidders to follow. Online bidders can place a bid on their computer and the result is immediately transferred to the person at the Sale controlling the device - then on to the auctioneer.

Bidding is only available to Registered *AuctionsPlus* Users.

The Sale Committee recommends registering online as soon as possible if you wish to use the facility so you can become familiar with the site's operation.

We have undertaken to use AuctionsPlus as an additional option, and traditional phone bidding will still operate. AuctionsPlus is for the convenience of buyers unable to attend the National Gelbvieh Sale in person.

You must register at least 24 hours prior to the sale on AuctionsPlus website www.auctionsplus.com.au

**Landmark AuctionsPlus Co-ordinator
Colin Campbell Mob: 0429 068 810**

DISCLAIMER

The owners, employers, sale staff and their representatives accept no responsibility for accidents that may occur. Although accidents are rare at cattle sales, any person attending this sale does so at their own risk.

While all care has been taken in the preparation of the contents of this catalogue, vendors at the 2008 National Gelbvieh Sale and the Sale Committee accept no responsibility for any errors contained in or omissions from this publication.

GROUP BREEDPLAN

ESTIMATED BREEDING VALUES – EBVs

Only Gelbvieh GROUP BREEDPLAN EBVs or Interim EBVs with Accuracy (Acc) can be validly compared between herds.

ESTIMATED BREEDING VALUES – EBVs

An EBV is the best estimate of an animal's genetic merit for any specific trait.

ACCURACY

An accuracy is presented with every EBV. It gives an indication of the amount of information that has been used in the calculation of that EBV. The higher the accuracy the lower the likelihood of change in the animal's EBV as more information is analysed for that animal and its relatives. Accuracy below 50% should be considered as low.

BIRTH

GL: Gestation Length EBV (days) is based on AI and hand mating records. Lower (negative) GL EBVs indicated easier calving and increased growth after birth.

BWT: Birth Weight EBV (kg) is based on the measured birth weight of animals, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

FERTILITY

SS: Scrotal Size (cm) is an indicator of male fertility in regards to semen quality and quantity. Higher (positive) EBVs indicate higher fertility. There is also a small negative correlation with age of puberty in female progeny.

GROWTH

MILK: 200 Day Milk EBV (kg) is an estimate of an animal's milking ability. For sires, this EBV is indicative of their daughter's milking ability as it affects the 200 day weight of their calves.

200: 200 Day Growth EBV (kg) is calculated from the weight of animals taken between 80 and 300 days of age. Values are adjusted to 200 days and for dam age. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

400: 400 Day Weight EBV (kg) is calculated from the weight of progeny taken between 301 days and 500 days of age, adjusted to 400 days and for dam age. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

600: 600 Day Weight EBV (kg) is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for dam age. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

CARCASE

CWT: Carcase Weight EBV (kg) estimates the genetic difference in carcase weight at a standard age of 650 days.

EMA: Eye Muscle Area EBV (sq cm) estimates genetic differences in eye muscle area at the 12/13th rib site of 300kg dressed carcase. Most positive EBVs indicate better muscling in animals.

RIB: Rib Fat (mm) estimates the genetic differences in fat depth at the 12/13th rib site of a 300kg dressed carcase. More positive EBVs indicate more subcutaneous fat and earlier maturity.

RUMP: Rump Fat EBV (mm) estimates the genetic differences in fat depth at the P8 site of a 300kg dressed carcase. More positive EBV indicates more subcutaneous fat and earlier maturity.

RBV%: Retail Beef Yield Percent EBV (%) represents total (boned out) meat yield as a percentage of a 300kg dressed carcase. A more positive EBV indicates a higher percentage yield for the 300kg carcase size.

IMF%: Intra-muscular Fat Percent EBV (%) is an estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300kg carcase. Depending on market targets, larger more positive values are generally more favourable.

Gelbvieh Average EBVs for 2007 born calves

A sale feature and a definite show prospect, D49 will make a fabulous cow. She was the calf at foot when her dam won Best Gelbvieh Exhibit at the Sydney Royal Show and Grand Champion Gelbvieh Female at Beef 2009. Out of an awesome, two year old Extra Exposure dam, D49 is an absolute stunner. She exemplifies what the Gelbvieh breed is all about, femininity, fleshing ability, capacity and moderate mature size. Generations of gorgeous, outcross, natural polled females bred in. Her grand dam, T62, was the first Gelbvieh ever to win Interbreed Champion Female at the Brisbane Royal in 2001 and she is still going strong at 11 years of age. This is a special opportunity for any stud breeder. Sells unjoined.

Lady in Red C43 is a super feminine, long sided, high performance. Louie 2J daughter from our closely guarded Lady in Red cow family. C43 was named Junior Champion Gelbvieh Female at Beef 2009 and represents a combination of some of the newest and highly proven genetics in the breed. She is an outcross to all New Day/ Freedom bloodlines and would make a perfect foundation female for a stud breeder. Sells A.I. to new sire RID Collateral 2R. Joined 21.02.09.

Christian Duff of Southern Breeders Technology Service, SBTS, Armidale NSW, informed Gelbvieh breeders at a recent sale.

“That in trials at the US Meat Animal Research Centre, MARC, at Clay Centre, Nebraska USA, on a breed basis the Gelbvieh breed was found to excel in High Growth Rates and Retail Beef Yield.”

He said, “The trial data with 26 breed sires represented, showed that Gelbvieh ranked very high for Maternal Traits out of the beef breeds. Gelbvieh ranked #1 for Age of Puberty, #1 and #2 respectively for % Born and % Weaned and #1 for Kg calf weaned per cow exposed.”

A young outcross, sire prospect with a lot of potential. Honey/red son of Spur Beretta with generations of polled breeding on both sides of the pedigree. Absolutely no Freedom blood so if you are looking for something outcross to that bloodline, this youngster will suit your program. D45 is a bull calf that displays the depth of body and easy fleshing ability that today's industry demands. He is out of a Peterbilt daughter, from the Lady in Red cow family, the leading cow family in the Norolle herd.

Conair C59 is a dark red bull with as much power, length of body and muscle mass as you will find in the Gelbvieh breed, with out sacrificing finishing ability. He is a very placid natured bull, with a maternal pedigree and would be absolutely ideal for a crossbreeding situation.

Beckham is a proven sire, used in the Norolle herd as a yearling and again as a two year old, he has a lovely drop of calves on the ground.

Beckham is a polled, easy doing, good natured, easy calving son of the high profile Extra Exposure bull. His dam S57, is still very sound and producing really well at 12 years of age.

Suitable for stud sire duties, registered AI sire.

Selling ¾ share and possession. Retaining a ¼ share semen interest.

FHG Sculptor 107S, homo polled and black, represents a 100% outcross for Australians. His sire is the #1 weaning and yearling weight bull in the US, and his GKT Bud sired dam was a donor for Flying H Ranch. The vendor saw Sculptor as their Futurity calf in Denver and liked the combination of moderate frame and high performance, soundness, length and muscling, outcross pedigree, the soundness of his dam, and the commercial focus of the program he came from. Sculptor breeds light birth weight calves that really do weigh at weaning and yearling, and show excellent carcase traits. Excellent quality semen is stored at Holbrook Breeders.

The 500 strong Judd Ranch herd is renowned as the #1 breeder of cows on the elite "Register of Merit" list, has the top bull sale average in the US, and they dominate the pen bull sections in Denver. Their cattle are known for uniformity, structure, fertility, teat, udder shape and maternal traits. Australian visitors are impressed with the depth and integrity of their program.

The following semen lots represent the very best of the JRI program, they were retained for their own use and became the cornerstones of their breeding program over the past five years.

(63a) JRI EXTRA EXPOSURE 285L71 (10 STRAWS)

"Extra Exposure" is homo polled and black, and is regarded by many as the best black bull they have ever seen. He was shown once, when he won the champion bull in Denver. He has soundness, mobility, length and muscle, his dam and grand dam represent the greatest cow family in the Judd herd. This is the very last EE semen available in Australia, this is a unique opportunity. The semen is stored at TLG Camperdown.

(63a) Purchaser

(63b) JRI BLACK N STACKED 254M78 (10 STRAWS)

"Stacked" is a homo polled, black Freedom son, He bred cattle with depth, muscle and style. Unfortunately he died during his second breeding season, and semen is very limited. This is the very last opportunity to access to this excellent bull. The semen is stored at Holbrook Breeders.

(63b) Purchaser

(63c) JRI FREE AGENT 125J3 (25 STRAWS)

Free Agent was purchased to reduce birth weight and mature size, improve fleshing ability, structure, feet and legs, teat and udder quality, and compliment maternal traits. He has become one of the most influential sires ever at JRI. His progeny are moderate in performance, but he did the job we purchased him to do, with many excellent Free Agent daughters now in production in Australia. Semen is stored at Holbrook Breeders.

(63c) Purchaser

QUEENSLAND LIVESTOCK AGENTS ASSN LTD

STANDARD STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
- 9(a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-

(i) Rescind the contract on behalf of the vendor and repossess and resell any lot;

(ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.

(b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.

10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.

12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

(b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.

17. GUARANTEES OF FERTILITY:-

17.1 BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.

17.2 FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later.

A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.

17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.

17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.

17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.

17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.

17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.

17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.

17.6 This guarantee shall be voided by the purchaser if -

- (a) The animal is returned to the vendor -
 - (i) in poor physical condition or with any injury;
 - (ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
- (b) the purchaser has collected and stored semen from a bull or embryos from a female.

17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.

18(a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.

(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.

20. In these Conditions:-

- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
- (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
- (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
- (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

IMPORTANT NOTICE

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

The hammer price is exclusive of GST but GST will be applied to the final hammer price and included on the invoice.
